WE ARE GRATEFUL FOR ANY HELP

Give the children and adolescents with your donation, a future perspective for they need it urgently so that they can shape their lives in dignity and self-determined.

You can support the aid projects of *Perspektiven für Nigeria e.V.* in a variety of ways:

HELP WITH DONATIONS IN CASH:

You can transfer your donation directly to the donation account of the Association; simply and conveniently use a donation portal of Pax-Bank on our homepage (-> Back of the flyer)

For example:

FOR OUR MEDICAL STATIONS:

1€ for a malaria test, **2 €** for 10 infusion sets
5€ for 4 hepatitis-C-rapid tests

FOR THE SOLAR ACADEMY:

75€: for a 100W solar module
or **100 €:** for a charge controller

DONATIONS IN KIND ARE WELCOME:

Donations in-kind are often a simpler form of promotion for companies. They can help the students in the Solar Academy enormously, for example, if they provide tools, measuring instruments, learning tools or even components for solar systems.

BECOME AN EDUCATIONAL SPONSOR:

With **€200/semester**, you will be able to train a young person to become a solar technology specialist.

HELP THROUGH MEMBERSHIP:

Become a member of *Perspektiven für Nigeria e.V.* Already with €30 annual contribution you can become a sponsor of our aid projects. You can find the application form on our homepage.

Sprechen Sie uns an.
Wir beraten Sie gern über die Möglichkeiten
und die organisatorischen Details.

Master the future yourself

WE NEED HOPE AND PERSPECTIVES

CHIZOBA SOLAR INTERNATIONAL FOUNDATION - CSIF

An aid project for young people in Nigeria

LOOKING TO THE FUTURE WITH HOPE...

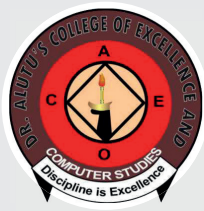

This should not be a dream, but a good right of each individual. Unfortunately, many children and adolescents in Nigeria grow without any future perspective Intelligent and wise children from very poor family background especially, cannot attend schools because their families simply cannot afford the school fees. Without outside help, these children have no chance of escaping poverty.

The German-based association Perspektiven für Nigeria e.V. is committed to the well-being of young people in South-Eastern Nigeria and promotes long-term aid projects. Our goal is to empower people to make a living and earn themselves income that could take them home at the end of the day and enable them live dignified lives with their families. Vocational training is a prerequisite for this.

WITH EDUCATION AND SOLAR ENERGY, ONE IS STRONG FOR LIFE

PROJECT CHIZOBA SOLAR INTERNATIONAL FOUNDATION (CSIF)

That's why we decided to cooperate with our local partner - CHIZOBA SOLAR INTERNATIONAL FOUNDATION (CSIF) and the solar company, SORATENA SOLAR ENERGY - for a vocational school to train up solar energy professionals. The institution is: CHIZOBA SOLAR INTERNATIONAL FOUNDATION (CSIF) and should primarily be supporting indigent students.

In 2019, the school in Nnewi North in south-eastern, Nigeria will kick-off with its first set of, at least, 15 students. Three years later, they would be able to secure jobs in a solar industry or set up their own businesses with loans.

The solar energy and a photovoltaic system are, for many households in Nigeria, often the only way of supplying energy.

EMPOWER THE YOUTH!

We are up for the implementation of the CSIF SOLAR ACADEMY project and DONATIONS ARE NEEDED! Although the CURRICULA are recognized from the Ministry of Education, hired QUALIFIED LECTURERS are to take care of lectures, with trainers from the solar companies. This local administration is only about 20% of the cost.

LEARN BETTER WITH COMPUTERS

PROJECT: COMPUTER TRAINING

Perspektiven für Nigeria e.V., has realized at the beginning of the year 2017 a project to improve school education with the financial support of the Rotary Club Leverkusen for Marcellina Udojis Kindergarten and Primary school Ozubulu in Anambra state, Nigeria. In order to support the teaching of English in the media, laptops were purchased on-site, enabling the pupils to work with a special learning software. In this way, pupils could interactively improve their knowledge and, above all, their pronunciation and increase their career opportunities later in the job market. At the same time, the use of the computer is learned, so that the students acquire new skills in this area, which make them proud and self-confident. We have made it our goal to provide a few computers to support other schools

We have made it our goal to gradually provide more schools with a few computers.

HELP US TO CONTINUE THIS PROJECT.

The CSIF SOLAR ACADEMY class will also include basic computer skills training and industrial training in solar companies.

The SOLAR ACADEMY class will also include basic computer skills training and industrial training in solar companies.

EVERY CHILD HAS THE RIGHT TO MEDICAL HELP

PROJECT: SCHOOL INFIRMARIES SANITARY STATIONS IN SCHOOLS

Access to the doctor or hospital is very difficult in the South-East region of Nigeria. It simply lacks a nationwide coverage. In addition, families often cannot afford a doctor's visit.

Therefore, sanitary facilities in schools are enormously important. It can ensure the care and treatment of sick students and people in need of care. At some schools, such stations already provide for sick children, but not all at all.

For the ambitious goal, the basic equipment of the stations with medical equipment and medicines as well as beds and sanitary facilities is necessary. This requires enormous financial resources that can only be provided with donations.

Much has to be done here and urgent help is needed!

ALSO WITH SMALL AMOUNTS YOU CAN MAKE GREAT DIFFERENCE!

For example:

- with 1 € you can have a malaria test
- with 2 € you donate 10 infusion sets
- with 5 € you finance 4 hepatitis-C-rapid tests

Sanitary wards in schools are an important contribution to the medical care of children in South-East Nigeria.

APPLICATION

Please complete in block capitals and send to the following address::

Perspektiven für Nigeria e.V., c/o Msgr. Heinz-Peter Teller, Katholische Kirchengemeinde Sankt Remigius Opladen, An St. Remigius 7, 51379 Leverkusen

I hereby apply to be received in the Association Perspectives for Nigeria e.V.:

As an active member (Annual fee 30 €)

Family member (Annual fee 45 €)

Company member (Annual fee 75 €)

I agree with the storage and processing of the Application form and for the purposes of the application and reception of e-mail from the association according to the Federal Data Protection Act:

Name, First name _____

Phone _____
